23 June 2017

The President

Rotary Club of Flemington Inc.

Box 64 P. O. Flemington. Victoria 3031

Australia.

Dear president Sam,

Acknowledgement of the receipt of 40-foot container of goods donated by the Rotary Club of Flemington

It is with great pleasure and delight I acknowledge the receipt of the 1HC 40-foot shipping container, Serial KLFU 18126945G0, loaded with donated goods supplied by Rotary Club of Flemington. The container was delivered by road to the Sputnik Home in Kurunegala on 16 June 2017. The goods received were reconciled with the manifest and we acknowledge that all items listed were included and correct and that all items and fittings supplied will be utilized by the Sputnik Girls' Home for the education and literacy activities conducted by Sputnik International Sri Lanka Organization (SISLO).

Thank you very much for donating the empty container in addition to the very valuable items included. It will be permanently located on site, to be converted to a book and a toy library in the future. Our organization now takes ownership of the container and will be responsible for any ongoing installation, maintenance and local authority or utility charges. We especially would like to thank the City of Greater Geelong for the additional donation of the children's playground apparatus and we look forward to assembling and installing this on site following completion of education facility. We thank the president and members of the Rotary Club of Wariyapola for their assistance with the clearance, delivery and un-packing of the container on site.

I, as the chairman of SISLO and the chairman of the steering committee of Sputnik Girls' Home, would like to thank profusely everyone who with great dedication, enthusiasm and anticipation involved in this venture by contributing their monetary support, utmost energy and invaluable time.

Yours faithfully,

Dr. Eshantha Ariyadasa
Chairman

Sputnik International Sri Lanka Organization (SISLO)

Negombo Road, Gepallawa, Uhumeeya, Kurunegala, Sri Lanka.
